

The Clinician/Therapist is responsible for overseeing and providing treatment for a caseload of clients/families being served by our Home and Community Treatment and Outpatient programs. We serve both adults and children in our Outpatient program, with clients being seen in their home, school or our agency setting. Annual Salary ranges from \$41,600-\$46,800 depending on level of experience. This position has an expectation of 20 hours per week (on average) of billable hours (time with client/family). This person leads in the design, implementation and documentation of treatment, including the intake, review and discharge process. Other responsibilities include overseeing work by the Behavioral Health Professional in HCT, coordinating with collateral providers, quality assurance and maintenance of relationships with funding, regulatory and licensing entities. Come join an ethical team that prioritizes best practices and quality supervision.
