

Weâ€™ve Relocated!

Behavioral Health Professional Behavioral Health Professionals (BHPâ€™s) provide in-home support services to clients and their families in the KidsPeace Supported Families/HCT program. The BHP provides informal counseling, behavior management, and crisis stabilization services as well as client supervision, supervision of client visitations, observation and assessment. In addition, the BHP may implement other services indicated on the clientâ€™s Individualized Service Plan, including advocacy and/or support for the client/family in contacts with schools, other agencies or service providers. The BHP actively participates on the treatment team, attends supervision and training, and maintains all required documentation/paperwork. Part Time BHPâ€™s are reimbursed at \$19.50/hr for billable services. Mileage reimbursement provided as well as flexible schedules.
