

Spectrum Healthcare Partners is seeking a Board Eligible/Board Certified Diagnostic Radiologist with Pediatric Radiology fellowship training to join our team of 3 fellowship trained pediatric radiologists in our highly profitable, progressive Radiology group. We provide Pediatric Radiology services to multiple hospitals and imaging centers in Maine and New Hampshire with state-of-the-art equipment and a 24/7 integrated PACS system. Located in Portland Maine, Maine Medical Center (MMC), is the largest hospital in Northern New England, and includes the Barbara Bush Children's Hospital (BBCH). BBCH houses a 50 bed Level 3 NICU, 8 bed PICU, and a busy Level 1 ER, as well as a full complement of pediatric specialties and residency. The successful candidate will also have strong general radiology skills. You will be part of a large, subspecialty group with an emphasis on quality assurance which enables us to be a leader in patient care. Maine Medical Center is a teaching affiliate of Tufts University, with a radiology residency program. Additional candidate responsibilities include working with our residents, presenting didactic lectures, and participating in multi-disciplinary pediatric conferences. Academic research opportunities are available. This partnership-track opportunity includes a generous compensation and benefits package along with very reasonable call expectations.

About Spectrum Healthcare Partners Spectrum Healthcare Partners is a Maine-based, physician-owned and -led healthcare organization that combines strong physician leadership with expertise from a multi-disciplinary management team. Spectrum is comprised of over 200 Board Certified physicians, primarily fellowship trained, serving patients and communities throughout Maine and northern New England. Our physicians are dedicated to excellence in the diagnosis, prevention and treatment of illness; to lifelong learning; to a strong commitment to our communities; and to the primary importance of the care and treatment of our patients. Portland is on the southern Maine coast approximately 2 hours north of Boston, and is known for its outstanding restaurants, friendly people, excellent public schools, access to the outdoors (beaches and mountains) and thriving arts community. This is a partnership track opportunity and includes a generous compensation and benefits package and reasonable call responsibilities.
