

Critical Care Trained Anesthesiologist Position in Portland, Maine!

A critical care trained anesthesiologist (board certified/board eligible, fellowship-trained) is desired to join our growing and established group. The successful candidate will also have strong general anesthesia skills. You will be part of a large, subspecialty group with an emphasis on quality assurance, which enables us to be a leader in patient care. Maine Medical Center is a teaching affiliate of Tufts University, with a strong anesthesia residency program.

About Spectrum Healthcare Partners

Spectrum Healthcare Partners is a Maine-based, physician-owned and -led healthcare organization that combines strong physician leadership with expertise from a multidisciplinary management team. Spectrum is comprised of over 200 board-certified, primarily fellowship-trained physicians, serving patients and communities throughout Maine and northern New England. Our physicians are dedicated to excellence in the diagnosis, prevention and treatment of illness, to lifelong learning, to commitment to our communities, and to the primary importance of the care and treatment of our patients.

This is a highly compensated, full-time position with a partnership track, and includes a generous compensation and benefits package. This position is located in the state of Maine in a region that boasts progressive cities with excellent schools, cultural amenities, and year-round recreational activities all within two hours of Boston.

If you are looking for the best specialty practice Maine has to offer, look no further.
