

Description

The Vendor Management Lead will work as the key liaison, relationship owner and operational point person between Medline and Humana. The OTC Vendor Management Lead will serve as the primary Humana associate that monitors all aspects of OTC fulfillment by Medline.

Responsibilities

The OTC Operations Vendor Management Lead reviews, negotiates, and monitors all terms of the OTC Medline vendor contract and communicates with Medline regarding day-to-day matters. Builds and maintains positive relationship with Medline and monitors daily queue volumes, dispensed volumes, queue aging, purchasing / out of stock of items, turnaround times, logistics / shipping performance, and 3PL process from all contracted sites. Researches invoice and contractual issues and resolves discrepancies. Advises executives and impacted key departments (Logistics, Purchasing, Product, and Operations) to develop functional strategies (often segment specific) on matters of significance. Exercises independent judgment and decision making on complex issues regarding job duties and related tasks, and works under minimal supervision. Uses independent judgment requiring analysis of variable factors and determining the best course of action. Also will develop with Medline and key Humana Partners a Quarterly Business Review (QBR) meeting to report out and evaluate Medline performance on a quarterly basis as well as plan and implement needed process changes and improvements for the program. The Vendor Mgmt Lead will chair and lead this quarterly review. The Lead will also develop any needed daily, weekly and quarterly reports and presentations for the OTC fulfillment process.
