

Job Title: Building Construction Helper

Location: Harpswell area

Job Type: Full-Time-Temp

We are seeking a skilled and dedicated Building Construction Helper to help owner of small construction company. The Building Construction Helper will play a crucial role in supporting the construction or repair of houses and buildings. The ideal candidate will have a solid understanding of materials, methods, and tools involved in construction projects.

Responsibilities:

- Assist owner in various tasks related to building construction and repair.
- Measure materials or objects for installation or assembly according to project specifications.
- Mark reference points on construction materials to guide the installation process.
- Install wooden structural components accurately and efficiently.
- Select appropriate construction equipment and materials for each project.
- Safely transport construction or extraction materials to designated locations.
- Utilize drilling tools to create holes in construction materials as required.
- Cut wood components for installation using appropriate tools and techniques.
- Position structural components and construction forms or molds accurately.
- Assemble temporary equipment or structures to support the construction process.
- Apply adhesives to construction materials as necessary.
- Smooth surfaces with abrasive materials or tools for a finished appearance.
- Cut carpet, vinyl, or other flexible materials to fit specified areas.
- Install insulation in equipment or structures for energy efficiency and comfort.
- Apply protective coverings to objects or surfaces near work areas to prevent damage.

Requirements:

- Solid knowledge of materials, methods, and tools used in building construction or repair.
- Proficiency in taking measurements and interpreting project specifications.
- Physical stamina and ability to perform physically demanding tasks.
- Excellent hand-eye coordination and manual dexterity.
- Attention to detail and a commitment to maintaining high-quality work.
- Ability to follow instructions and work effectively in a team environment.
- Basic mathematical skills, particularly in measurements.
- Vehicle required for moving from job site to job site.
